DIARY NOTES

DD/S

26 October 1965

1. Jack Earman called to my attention the audit report [REDACTED] which indicated that an overage of \$419.90 had disappeared from the cash fund. The Office of Security has been asked to investigate the matter and submit a full report as soon as possible.

25X1A

2. Colonel White told me that the Office of Security report to the Director on overseas physical and technical security programs had indicated that little progress has been made on the Director's request. I agreed to call [REDACTED] I had previously talked to Charlie and asked him to prepare a comprehensive interim report for the Director on what the Agency plans to do in the countermeasures field since the Technical Surveillance Countermeasures Committee will probably not complete its report for some time and the Director will expect evidence of positive action on a current basis.

* * * * *

3. Bob Fuchs told me that [REDACTED] is scheduled to retire in February 1966. However, Bob has no replacement for [REDACTED] at this time and would like to postpone his retirement until January 1967. Bob said that he had discussed this previously with Colonel White, who had approved in principle. I approved [REDACTED] extension to January 1967.

4. Matt Baird called to report on his conversations with DD/P regarding a position after his departure from the Office of Training on 1 January 1966. DD/P does not have a specific position for Matt, and the only one that shows promise is in a dispute for control between the [REDACTED] Covert Action Staff. I told Matt I had a suspicion that questions would develop in this area and that I would wait for ten more days before making a decision on the [REDACTED] job. (I feel that nothing will develop for Matt in DD/P and that within two weeks I will probably decide that Matt should take over the [REDACTED] job on 1 January 1966.)

the Agency. The Office of Security interviewed the employee and the neighbors and arranged for the Office of Medical Services to assist the girl concerned. The whole situation has now quieted down.
